MRAC WILL HAVE A BOOTH AT THE INTERNATIONAL SCIENCE & ENGINEERING FAIR - MECCA May 11 thru May 16, 1981. Hours are 10 AM to 4 PM. Over 450 students and 700 adult advisors from all over the U.S. will compete showing their science projects, sponsored by major corporations. The ham equipment in our booth will be in operation to handle traffic to parents and friends of the exhibitors, via 2-meters. We will need 2 or 3 operators in the booth at all hours of the show. Also need local hams to handle traffic. The Fair will be open to the public on May 13 and 14. Volunteer to Ed Hayand Ed Vetters.
